CHIRAG CHARANIA

+1 (518) 4233046   chiragcharania@gmail.com

Results-driven Senior UI Developer with expertise in building responsive, high-performance web applications using Angular, TypeScript, JavaScript, HTML5, and CSS3. Skilled in developing reusable UI components, optimizing front-end performance, and implementing modern UI/UX best practices. Experienced in integrating RESTful APIs, working within Agile Scrum teams, and managing deployments through CI/CD pipelines. Passionate about crafting clean, maintainable code and delivering user-centric digital experiences. Exposure to C# and ASP.NET for backend integration and cross-platform collaboration.

TECHNICAL PROFICIENCIES

Programming Languages	Java (SE 6/7/8, J2EE), Python, C, C++, SQL, TypeScript, JavaScript (ES5/ES6)
Frontend Technologies	Angular (9+ to 15+), HTML5, CSS3, SCSS, React, Node.js, Bootstrap, Angular Material
Backend & Frameworks	ASP.NET, C#, RESTful APIs, Express.js
Cloud & DevOps	AWS (EC2, S3, CloudFront, CloudWatch), GCP (Compute Engine, Kubernetes Engine, Cloud Run), OpenShift, Jenkins, Docker, Kubernetes
Version Control Tools	Git, Bitbucket, GitHub, Jira, Confluence
Visualization	Tableau
Design Tools	Rational Rose, Star UML, Enterprise Architect
Agile & SDLC	Agile (Scrum), Iterative
Database Environments	PostgreSQL, MySQL, AWS RDS
Operating Systems	Windows, Mac, Linux (Ubuntu)

PROFESSIONAL EXPERIENCE

Verizon

Senior UI Developer   *July 2025 - Current*

- Developing and maintaining TSM-Portal, Verizon's customer onboarding platform.
- Building scalable, responsive, and dynamic interfaces using Angular 15+, TypeScript, HTML5, SCSS, and JavaScript.
- Collaborating with backend teams using ASP.NET and C# for seamless data integration and feature delivery.
- Enhancing UI/UX with focus on design consistency, accessibility (WCAG standards), and cross-browser compatibility.
- Supporting Agile development, code reviews, and deployments through CI/CD pipelines and Git.

Citi Bank

Angular Developer with OpenShift   *January 2024 - June 2025*

- Developed and maintained UIs for Citi Retail Services (CRS) applications serving clients such as Home Depot, Best Buy, and American Airlines.
- Built reusable and dynamic components with Angular and TypeScript, improving user experience and development efficiency.
- Enhanced responsiveness using WebSockets for real-time data updates.
- Implemented CI/CD pipelines via Jenkins and managed version control through Git and Bitbucket.

NYS Office of General Services

Software Developer   *June 2022 - January 2024*

- Developed web applications using Angular, Node.js, and J2EE technologies.
- Created UI components using JSF, JSP, HTML, and CSS, enhancing user experience and functionality.
- Designed and consumed RESTful Web Services in JSON format for data exchange and automation.

The Research Foundation for SUNY

Research Technology Coordinator III   *November 2020 - June 2022*

- Led system analysis, design, and front-end development using Angular 10 and NodeJS.
- Created visualization dashboards for university budgeting and benchmarking in Tableau.
- Developed Power Apps solutions integrated with SharePoint for institutional data management.

Enterprise e-Support, Inc

Junior Software Engineer   *August 2020 - September 2020*

- Developed full-stack applications involving REST/HTTP/SOAP interfaces and XML/JSON data structures.
- Supported AWS/GCP deployments, version control, and build processes.
- Applied containerization using Docker and Kubernetes.

Quantum CorpHealth Private Limited

Web Developer   *May 2015 - July 2017*

- Developed and maintained the company's website using JavaScript and MySQL under Agile SDLC methodology.
- Designed front-end and partial back-end modules to improve site usability and performance.

EDUCATIONAL DETAILS

University at Albany, State University of New York
Master of Science in Computer Science | December 2019

Vidyalankar Institute of Technology at Mumbai, India
Bachelor's in information technology | May 2017

Thakur Polytechnic at Mumbai, India
Diploma in Information Technology | May 2014
